

MEADOWBROOK INVENTIONS INC.

The World's Leading Glitter Manufacturer,
Distributor & Exporter Since 1934

Data Sheet

This Data Sheet may act as a guide as to the suitability for intended end-use in solvents, water, UV and temperature. Safe indicates high probability of successful use. X indicates probability of failure in the challenge category. Test means that results may vary. The end user is encouraged to test Meadowbrook Glitter samples for suitability in the intended application.!
